I'M RECRUITING

For the first time in almost 12 years we took a short break in our Thursday morning **Community Bible Class** after school dismissed this year. We will resume meeting July 25.

We took a break because we completed our Bible Survey study. Only took 12 years! We spent a considerable amount of that time studying the background history of the Bible- including an in-depth study of the Inter-testament Period.

The class has chosen to study the New Testament book of **Romans** (at least the first 8 chapters) when we resume. There may or may not have been a bit of hinting on my part before the decision was made.

One of the reasons I'm recruiting is because of how important I feel this study to be. I personally consider this to be the heart of the entire Bible! The message of this section of scripture is truly life-changing! It answers the most fundamental questions that a person can ask regarding our relationship with God and our concerns about our eternal future . . . questions like, "Exactly WHY am I LOST?" . . . "How do I GET saved?" . . . "How do I STAY saved?"

We don't have to live with doubts concerning our salvation. God wants us to feel secure in his salvation. When we learn HOW God makes us righteous, it changes everything about our life. I can personally attest to the fact that understanding these principles makes us realize that the gospel truly is "good news." My feeling is - "It's too good to be true . . . BUT IT IS TRUE!"

I realize that not everyone is free on Thursday mornings, but many of us are! Babysitting is provided. The fellowship is a true blessing. The monthly meal is wonderful. I want to encourage you to come and be part of this opportunity to change your life.

If you have a friend who is not a Christian and is free on Thursday mornings, here is perhaps the easiest opportunity that you will ever have to share the gospel with them. Call and invite them to come with you to this study. 10 o'clock Thursday morning.

See you there.

Ken Stegall

P.S. It won't take 12 years to finish this study!
